

Latest update.

Good afternoon! At present, we are still unaware of any decision by the Government to close schools so we are continuing to stick to business as usual.

We are however taking some precautions in line with the advice given by Public Health England. On Wednesday afternoon, Year 5 will still be holding their celebration of work but we would ask that 5R parents come into school for 2.15 until 2.35 and go into class where the children will perform for you. 5S parents, please come into school at 2.45 until 3.00 and go into class for their performance. 5S parents will be able to take their children and siblings home after the performance.

The Mother's Day sale may still go ahead although we will be looking at running it earlier in the week and ensuring that children attend in small groups rather than en masse.

At present, clubs will still go ahead and parents will be informed by text if the provider has cancelled a club. All club providers have been asked to keep using the hand sanitisers and to encourage children to use tissues if they need to.

We ask that you continue to work with us, keeping children at home should they demonstrate a new persistent cough and a high temperature. We will continue to keep you abreast of any changes, as we are made aware of them.

I will aim to send an update to you every day as matters unfold. Thank you for working with us and the support you have shown us over this matter.

Mrs Zoë Dudley.
